

MAAA 2011 Funding Recipients

As the designated area agency on aging for the seven county Metro Region, MAAA funds services through the Older Americans Act and nutrition dollars from the State of Minnesota. MAAA utilizes funding policies to build capacity for effective community services, balances the needs of low-income and minority elders, leverages community resources, and responds to emerging needs.

Current priority service areas for the region include: legal services, transportation, special access and outreach, respite services, chore services, senior nutrition services, grocery delivery, health promotion and disease prevention, medication management, and family caregiver support. For more information about MAAA funding priorities and recipients, contact bob@tcaging.org.
