

What about parking?

A note about parking - there's plenty of it, but it needs a bit of explaining. A very limited number of spaces are available in front of the 7851 building. Virtually unlimited additional parking is located behind the building. To access this parking lot, proceed past our building and turn right on the frontage road parallel to the freeway. The parking lot will be on your right, although the entrance is a ways down. Once in the parking lot, our building is the one in the southwest (opposite) corner. Enter through the door on the right-hand side, proceed to the second floor, and find your way to Suite 200.
