ICD-10 ESSENTIALS FOR LONG-TERM CARE PROVIDERS

April 28–29, 2015

Care Providers of Minnesota presents
ICD-10 ESSENTIALS FOR LONG-TERM CARE PROVIDERS
A comprehensive two-day event will give providers the keys to
UNLOCK THE SECRETS OF ICD-10-CM CODING

Care Providers of Minnesota’s only in-depth, in-person training that will have you ready for the October 1, 2015 deadline

BONUS: All attendees will receive a spiral-bound ICD-10-CM coding book, a $110 value

DoubleTree by Hilton North in Brooklyn Center
WHY IS ICD CHANGING?

- ICD-9 is more than 35 years old
- ICD-9 has outdated terms
- ICD-9 is inconsistent with current medical practices
- Many ICD-9 categories are full

IS ICD-10 REALLY DIFFERENT FROM ICD-9?

- Uses more current and up-to-date medical terms
- Codes are no longer just numeric
- All codes begin with a letter
- Expanded code length
- Number of codes is dramatically increased—ICD-9 has 17,000 codes while ICD-10 has 70,000 codes. Codes for pressure ulcers grows from 9 to 125.

IS IT TOO EARLY TO START?

On the contrary! You should already be working on your ICD-10 transition.

There are several steps to get ready for the October 1, 2015 deadline.
- Impact analysis (3-6 months)
- Contact your vendors (2-3 months)
- Contact your payers, billing services, and clearinghouse (2-3 months)
- Installation of vendor upgrades (3-6 months)
- Internal testing (2-3 months)
- Update internal processes (2-3 months)
- Conduct staff training (2-3 months)
- External testing with clearinghouses, billing service, and payers (6-9 months)

OBJECTIVES

- Understand definitions of ICD-10-CM terminology and coding guidelines
- Distinguish the similarities and differences between ICD-9 and ICD-10-CM
- Demonstrate the ability to assign correct ICD-10-CM codes
- Utilize take-home resource materials for accurate coding
- Be familiar with all chapters of ICD-10-CM
- Interpret preadmission documentation
- List codes for the admission record from the H&P and DC Summary
- Become fluent in managing the status of each diagnosis code
- Analyze and code Section I of the MDS
- Sequence codes correctly for the billing process
- Evaluate final bills utilizing claim check review process
- Analyze case studies to test knowledge of ICD-10-CM

WHO SHOULD ATTEND?

Nursing facility medical records staff, MDS coordinators, business office staff, nursing management, and therapists. Other staff who would benefit from attendance include administrators, admissions staff, and staff nurses.

ICD-10-CM MANUAL

All participants will receive a copy of the ICD-10-CM: The Complete Official Draft Code Set Manual
In this two-day class, long-term care providers will gain the knowledge and skills necessary to accurately assign ICD-10-CM codes for both clinical and billing practices. Nursing facility staff should become confident with their coding process from admission to discharge.
